About Us

Bapu Gujarat Knowledge Village (BapuGKV) is a technical campus that consists group of Institutes of Technology, Pharmacy, Science, Commerce, Law, Nursing, Ayurvedic .

Bapu GKV is promoted and managed by the Shankersinh Vaghela Bapu Charitable Trust (SVBCT). The Managing Trustee, Hon. Shri Shankersinh Vaghela, Former Chief Minister of Gujarat State, and Cabinet Minister of Tex-tile Industries, Govt. of India, and a hugely popular leader is known for his pioneer efforts aimed at societal development.

The Bapu Gujarat Knowledge Village spread in 40 acre land at Vasan, Gandhinagar with its all stone architecture, lush verdant woods and landscaped gardens provides an idyllic environment to engage in pharmaceutical studies, academics and learning. BapuGKV's institutes strive to achieve excellence through partnership with industries, and leading academic Institutions, in Gujarat.

About the Workshop

Power electronics and electric drives are two fields of technology, very closely connected. Power electronics devices are the most advanced and effective switches of high power electric circuits. Frequently, they are used as switches for the commutation of windings of electric machines. The system which includes an electric machine, a power converter, based on semiconductor switches, and several control devices is known as an electric drive. Today about 60 % of the electric energy produced will be converted and used by electric drives of technological machines. This workshop is intended for students of Electrical Engineering who study the subjects of Power Electronics.
