25TH AND 26TH FEBRUARY 2020

Workshop on

MACHINE LEARNING, DATA MINING AND OTHER CROSS-DISCIPLINARY TOOLS FOR PHARMACY FRATERNITY.

The Artificial Intelligence is embracing all the sectors of science and technologies, wherein, the Pharma is not out of the list. Pharmaceutical giants have smelled the importance of the AI in the drug discovery and pharmaceutical manufacturing and so they already geared-up to develop newer technologies based on the AI. The motive of this one-day seminar is to sensitize the academic fraternity of the pharma about an artificial intelligence. It will cover introductory and advance level sessions on the AI.

For Registration and Fees Payment Click Here.

Fees:
For Student: Rs 300 /-
For Faculty/Industry People: Rs 500 /-

Two Days Cross Disciplinary Workshop and Hands-on Trainin on the Artificial Intelligence and Allied Tools in the Pharmaceutical Research.

———

Who should attend?

Academic Researchers, Tutors, PG and PhD Students, Philomath, Industrial Fraternity

———

Why should you attend?

The AI is covering almost every part of technology. Pharma Research Sectors are actively upgrading themselves to embrace the AI in the Pharma. GUI based tools are considered in workshop for non-programer fraternity of pharma and science.

———

What will it Covers?

Basic to Introductory level Introduction of AI, ML, DL and Data Mining with Handson Training in respective area.
